a SUMMER of ADVENTURE

2014

UNIVERSITY SCHOOL
BOYS & COED SUMMER CAMPS & PROGRAMS

Register at www.us.edu
The Ultimate Summer Experience!

University School offers Pre-K - 12 coed and all-boys’ summer day camps, sports camps and academic enrichment classes. Held at our Shaker Heights and Hunting Valley campuses, US camps are led by our experienced faculty and coaches. From football to soccer and from Day Camp to the Theatre Camp – there is something for all ages and interests at US! Extended care is available both mornings and afternoons at our Shaker Campus, and a shuttle bus operates between the two campuses daily. We look forward to seeing you at US this summer!

**BOYS’ PRE-K CAMP** (age 4 by the time camp starts and NOT entering kindergarten in the fall)
Pre-K boys can enjoy a mini-version of the popular US Boys’ Day camp with theme-based activities focused on science, machinery, astronomy and more!

**BOYS’ DAY CAMP** (entering K - 7)
Our Boys’ Day Camp is well recognized for its traditional programs in athletics, arts & crafts, woodshop, appreciation of the outdoors and exciting field trips!

**SPORTS CAMPS** (entering K - 12, depending on the camp)
Enjoy first-rate athletic facilities under the guidance and direction of professional US coaches. For student-athletes looking to improve their skills, make new friends, and have fun this summer, US Sports Camps are the perfect choice!

**COED SPECIAL INTEREST CAMPS AND PROGRAMS** (entering grades 2 - 10)
A number of coed camps and programs are offered at University School throughout the summer months. Biz Wiz Young Entrepreneur Camp, Camp LEAD, Academic Adventures for Young Learners, Space Camp, Theatre Camp and Rock & Pop Songwriting are all available for boys and girls.

**COED ACADEMIC COURSES** (entering grades 8 - 12)
Students entering grades 8-12 can register for Academic Enrichment courses taught by our US faculty. Arts, math, ACT/SAT Prep and more are offered at our US Shaker Campus.

* denotes COED camp or program
University School’s Pre-K Summer Camp, an exciting new mini-version of our traditional all-boys’ Day Camp, is specially designed to engage pre-kindergarten boys in a creative and stimulating environment.

Boys (age 4 by June 1, 2014) not attending kindergarten in the fall; potty trained) will enjoy 1, 2, or 3 weeks of age-appropriate, hands-on activities. Weekly explorations centered around science, machinery and astronomy will guarantee a unique journey of discovery at US this summer!

Held in partnership with the Great Lakes Science Center (GLSC), this camp is directed by US Lower School lead teacher Steve Siegel and includes experienced US teachers and GLSC preschool camp directors.

Week 1: “Apples, Bubbles & Crystals” - The ABC’s of Science
Week 2: “Gadgets & Gizmos” - Simple Machines
Week 3: “Sun, Moon & Stars” - The Night Sky

Group sizes are limited, so register early for this fun camp!

Great Lakes Science Center
Day Camp for boys in grades K-7

Why US? The US Day Camp prides itself in being a safe place where we will teach your son teamwork, sportsmanship, athletic and non-athletic skills, and pride in a job well done. The city of Cleveland’s oldest operating camp (our 85th year!) has a strong tradition in combining fun activities with a truly educational experience. We know boys, and we create an environment where they can thrive. Counselors consist of experienced veterans and teachers combined with college and high school assistants. All groups have a range of experienced staff and mentors working with energetic younger staff. Many attended the camp and bring their own love of the experience to the summer.

A big part of our success comes because we DO limit group size, and more stunning than any other fact is that we maintain a 6 to 1 staff to camper ratio! We spend time getting to know your son and working with him to make his summer an enjoyable one.

Campers swim twice each day (instructional and free swim). Tennis is included in the older groups’ programs. Athletic skills as well as arts and woodwork will be taught by counselors and specialists. Field trips focus on educational as well as recreational opportunities. The extensive indoor and outdoor facilities of the Shaker Campus provide the primary setting for these exciting, challenging, and fun pursuits.

Condors for boys in grade 7

Designed with the rising seventh grader in mind, the Condors group is an off-campus “outreach adventure” embarking on activities that make every day exciting. Boys will participate in the “adventure Kayak series,” Captain’s Baseball, mountain biking, Cedar Point, and much, much more! In addition, boys will spend overnights or extended days at our sprawling 200-acre Hunting Valley Campus and fish and hike in Conneaut, Ohio. On days when boys stay at the Shaker Campus, they will engage in their favorite games and activities ranging from floor hockey to swimming and soccer and everything in between. The Condors is a very popular and truly unique experience, so sign up today as space is limited!
Theatre Camp
for boys & girls in grades 5-9

Advanced Theatre Camp will feature both dramatic and musical theatre with an emphasis on improvisational theatre. An outstanding feature of this camp is that all participants will be offered voice lessons as part of their camp day. Additionally, a movement/acting workshop will be presented by a professional actor in theatre. The camp will be an intensive performance-based experience with a production for family and friends on the last day. Previous acting experience is preferred but not required with a teacher recommendation.

WHEN
June 23-27

TIME
9:00 AM - 3:00 PM

FEE
$350

DIRECTOR
Sarah Lyon
slyon@us.edu
216.321.8260 x8302

The camp will take place in one of the city's finest drama facilities, US's Conway Hall Auditorium, and features US's very own Director of Theatre, Sarah Lyon. Ms. Lyon is an award-winning performer who has received accolades for both her acting and singing career. She has been seen in many theatres and music halls throughout Ohio and New York.

Rock & Pop Songwriting
for boys & girls in grades 6-10

This week-long workshop is for boys and girls who have always wanted to write, perform, and record their own songs and gain knowledge about the music business. Campers will learn about writing lyrics, crafting melodies, creating demos, and the new forms of distribution for the music business. Campers should be proficient (playing at least 1 year) on guitar or piano. Ability to read music is not necessary.

The workshop will be limited to 10 students, so register early!

The camp is directed by US Middle School Music Director, Joe Hollings. Mr. Hollings has run an independent dance music label in London, mastered recordings at Abbey Road, arranged music recorded for the Chandos classical label, and composed music in many genres. At US, he teaches composition and music technology, directs vocal groups, and has music-directed drama productions.

Space Camp

This is hands-on, experiential science at its best! During Space Camp, young astronauts participate in missions in our Space Flight Simulator and Mission Control Center. Each week has a different flight theme, and your child can participate in flights to the International Space Station on the Space Shuttle, the Moon, or Mars on NASA’s newest proposed spacecraft!

The week will begin with team-building exercises to improve communication and familiarity within the student groups or “crews.” Additional learning activities and team challenges will take place during the week. The US Space Flight Simulator is a superb facility ready to launch campers into an unforgettable space adventure. The Simulator is a full-sized, two-story replica of the mid and flight decks of the space shuttle that can be converted for historical or future NASA flights. It is attached to our International Space Station module where “in-flight” activities can take place. The Mission Control Center is separately located from the Simulator, and each camper will perform the role of a Mission Control officer assisting the astronauts on their journey.

Campers will conduct investigations much like those carried out by astronauts on the actual NASA Space Shuttle and International Space Station. They will participate in space walks, and during missions to the Moon and Mars, campers will also create multi-room “biospheres.” Computer-controlled graphics are used to simulate space flight. Radio communication between Mission Control and spacecraft allows participants to fly actual real-time missions. The Simulator is not a toy – it is a working representation of the real NASA Space Shuttle.

Our connection to NASA Glenn Research Center in Cleveland adds exciting features to our summer program including a weekly field trip to the Great Lakes Science Center’s NASA Glenn Visitors Center! Campers are grouped by age with a curriculum of hands-on activities to meet their developmental needs. Each group is led by a US faculty member with a passion for space education. Former campers and US students serve as junior counselors, typically making our ratio of campers to counselors 3:1. In addition, campers will build and launch model rockets, straw and soda bottle rockets, parachutes, and balsa gliders, all of which can be taken home. Each camper is actively involved with each challenge.

Enrollment is limited to 24 campers per session, so register early for this very popular camp!

In 2032, the President of the United States will be a Camp LEAD Alum! How can we predict that? Are we psychic? No, we just set lofty goals as all great leaders do! Not only is it important to set goals, but also to know how to make them attainable - and then how to reach these shiny stars that students see in their future sky.

Leadership skills, as well as important life skills, are what every student can master in our life-changing Camp LEAD program! Inside EVERY student is a natural-born leader just itching to get out. Much of the time, though, they just don’t know that.

Developing personal leadership is a critical component to success in school and in life. University School is proud to partner with the Effective Leadership Academy (ELA) to offer an innovative youth leadership program. This coed program utilizes games and outdoor team activities, healthy competition, and collaboration with a focus on:

- Understanding leadership and leadership of self
- Developing and achieving goals (GO Smart acronym)
- Prioritizing time and time-management skills
- Team dynamics
- Enhancing communication and presentation skills

Students become self-confident, understand the meaning of work ethic and “grit,” and hold themselves personally responsible for their own success. Make the upcoming school year count!

**Biz Wiz Young Entrepreneur Camp**

for boys & girls in grades 7-9

Biz Wiz is geared to students with a high level of interest in entrepreneurship. Through fun games, activities, group projects, and a business simulation program, campers will learn business and marketing strategy, teamwork, negotiation, and essential leadership development skills. Experienced entrepreneurs will share their knowledge of starting and growing a successful business. The camp will include a field trip to a local business to see first-hand how the company operates. On the final day, students will develop a marketing campaign for a new product with a logo, slogan, print ad, and television commercial. Every day is filled with interesting and challenging activities to help students learn the fundamentals of business and entrepreneurship.

**ACADEMIC ADVENTURES** for boys & girls in grades 2-5

Academic Adventures is where young learners come to spread their intellectual wings, interact with like-minded peers, and indulge their love of learning.

Academic Adventures offers participants:

- An enriched academic experience through exciting and challenging classes
- Immersion in curricular areas of interest
- Friendly interaction with area students

Academic Adventures is designed for boys and girls entering grades 2-5 in the Fall of 2014.

Participants will choose three adventures for the week (see descriptions at www.us.edu/summer). The morning will be divided into three sessions as follows:

- **Adventure 1:** 9:00 - 10:00
- **Adventure 2:** 10:05 - 11:05
- **Snack/Break:** 11:05 - 11:25

**MIDDLE SCHOOL SUMMER PREP**

for US students entering grades 6-8

University School Middle School Summer Prep is designed to do just that: prepare US students to make the best of their middle school experience! We do this by providing classes, staffed by current University School faculty, that give students the opportunity to polish essential academic skills, enjoy a highly stimulating and fun learning environment, and build personal connections with fellow students and faculty. For US students entering grades 6 - 8. Limited to 28 students per class.

For more information about Middle School Summer Prep at US, contact Leslie Muha: 216.321.8260 x8262 or lmuha@us.edu.

Welcome to University School’s Academic Summer Programs! We encourage you to explore our many offerings available to students enrolled at University School and other area schools. We offer five-week academic classes in the Arts, Math, Science, Humanities, Physical Education, and Study Skills. You will also learn about our other opportunities such as the Intensive SAT & ACT Prep courses, Advanced Debate camp, and the Public Speaking course. Current US students have the opportunity to earn credit for classes in PE, Health, and the Arts, or accelerate their academic progress with summer biology and physics. Our courses are taught by dedicated and experienced faculty in a safe, supportive environment. The low instructor-student ratio promotes a classroom of collaboration and individual attention. Please don’t hesitate to contact Director of Summer Programs William Daughtrey if you have any questions.

Grades & Transcripts
Students are given advisory ratings at the midpoint of the five-week session. Grades accompany the courses taken for credit. Students desiring transcripts forwarded to other schools should notify the director.

Books & Supplies
Many of the required materials are supplied without cost. Others are available on a cash basis.

General Information
One five-week session
Four class times per morning
Each class is 70 minutes
No classes July 4
Only two excused absences allowed in for-credit classes

***VERY IMPORTANT NOTE***
Because of ongoing construction at the Hunting Valley Campus, all academic classes will be held at the Shaker Campus this summer. Shuttle service will be available between our two campuses.

US offers a great opportunity for campers of all ages to participate in a summer of exciting sports! Enjoy first-rate athletic facilities under the guidance and direction of professional US coaches. University School Sports Camps are a great place for student-athletes looking to improve their skills, make new friends, and have fun this summer!

NOTE: Due to road construction on the Hunting Valley campus this summer, campers will not be able to access the Hunting Valley campus in their own vehicles. We are making arrangements for a convenient off-site pick-up and drop-off location. Campers and coaches will then be transported to and from the Hunting Valley athletic facilities on University School buses. Detailed information will be sent to registered campers.

ALL-AMERICAN SPORTS CAMP

for boys in grades 5-8

Looking for a camp where your son can play games and have fun all day? The All-American Sports Camp is devoted to organized game play, enabling boys to have a great time while learning the rules of the game and being part of a team. Supervised by experienced University School coaches, the emphasis for this camp is on FUN!

Campers will spend each day playing a number of energizing games including:

- Flag Football  
- Whiffleball
- Kickball
- Dodgeball

- Ultimate Frisbee
- Softball
- Basketball
- Capture the Flag

- Team Challenge
- Swim Relays
- Captain Elimination

- and many other exciting games

They will also enjoy two sessions of open swimming each day in the US pool!

Campers bring their own bag lunch, drinks, swim trunks, and towels. Coolers and water will be provided.

**BASEBALL CAMP** for boys in grades 3-9

Take your baseball game to the next level! Campers will learn the fundamentals of the game, including proper techniques of throwing, catching, pitching, and hitting. Instruction will also be provided for specific positions: infielders, outfielders, catchers, and pitchers.

All levels of play are welcome for a week of skill-driven activities interspersed with fun-filled games. Learn the proper execution of a double play, how to correctly catch a fly ball and hit the cutoff man, drive the ball up the middle, and much more!

University School coach and former professional baseball player Ben Boka will direct this exciting camp.

Campers bring their own bag lunch and drinks. Coolers will be provided.

**BASEBALL CAMP** for boys in grades 3-9

Skills emphasized in the Basketball Camp are footwork, ball handling, shooting, rebounding, and defense. Campers will learn drills that can be used over and over again, whether in the backyard or in the school gym. Conditioning lessons will be introduced that will benefit all boys, regardless of skill level. Two-thirds of the camp will consist of drills and skill development and one-third will be devoted to organized game play. Campers bring their own bag lunch and drinks. Coolers will be provided.

**Football Camp**

Whether playing for the first time or for the Cleveland Browns, athletes need to master the fundamentals. Campers will work on skills, drills, and techniques essential to success at any position. Exciting competitive games and strength training will be a part of the age-appropriate instruction with an emphasis on safety.

Led by US Varsity Head Football Coach Jim Stephens, instruction will be provided by current and former varsity players as well as an experienced US coaching staff.

*If enrolling in the afternoon Speed Camp, campers should bring their own lunches and drinks. Coolers will be provided.*

---

**Speed Camp**

Speed Camp is designed to enhance an athlete’s running technique and ability to run fast! Participating campers will enter their Fall sport stronger and faster, equipped with drills designed to improve speed, lateral movement, stride, and agility.

Campers will participate in activities, drills, and programs that cultivate their overall athleticism. A bathing suit and towel should be brought for possible swim workouts.

Learn from the coaches who led the US Track Team to Top 15 state rankings in 2008 and 2009, individuals and relay teams to state finishes since 2006, and a top 6 finisher in the 100M dash and second in the 200M dash in 2012!

*If enrolling in the morning Football Camp, campers should bring their own lunches and drinks. Coolers will be provided.*

---

**Register at www.us.edu**
Golf Camp for boys & girls in grades 5-12

This Golf Camp provides a comprehensive and rewarding week of golf instruction. Directed by George Richards, 30-year teacher (retired) at University School and 29-year program director, the camp will help golfers learn basic swing mechanics of driving, hitting from the fairway, pitching, chipping, sand shots, and putting. Also taught will be proper golf etiquette, rules of the game, and club selection.

A talented staff of high school coaches and golfers will join Coach Richards each session. Campers will have golf-related warm-up time, unlimited use of the driving range, and three 9-hole rounds at various local public courses. An instructor accompanies each foursome to reinforce proper swing mechanics and focus.

Camp fees include greens fees, unlimited range balls, instruction guide, and t-shirt. Campers bring their own bag lunch and drinks. Coolers will be provided. Campers must provide their own transportation to and from home and the driving range.

Advanced Golf Camp for boys & girls in grades 6-12

This camp is designed for the confident players who are looking to take their game to the next level. Learn the fundamentals and mental skills it takes to play a better game of golf that will lead to lower scores. Players will learn how to effectively strategize their golf game, including gaining the critical components of course management, mental approach, and proper practice techniques. Instruction will be given on the practice tee and at the putting green, and each afternoon is spent with on-course golf instruction.

You will learn from situations that cannot be taught on the range or in a classroom. Because over 50% of this game is played inside of 100 yards, we devote half of the on-course time to improving your short-game skills, putting, chipping, pitching, and bunker techniques.

Led by University School coach and former PGA Apprentice Brady Hurley, instruction will also be provided by experienced US coaching staff member Mike Wilson.

Campers bring their own bag lunch and drinks. Coolers will be provided. Campers must provide their own transportation to and from home and the golf course. Register early as enrollment is limited to 8.

In the event that a day of camp is cancelled due to inclement weather, Monday, June 30 will be the make-up date.
LACROSSE CAMP for boys in grades 3-8

Learn from the coaches who led University School to back-to-back State Championships in 2008 and 2009!

With one of the strongest programs in Ohio, Division II Coach of the Year Jack Fisher and his staff look forward to a fun-filled week of lacrosse this summer!

Campers will be divided into groups based on age and skill level. Individual instruction will include passing, catching, cradling, scooping, dodging, shooting, checking, and footwork. Team instruction will focus on offensive and defensive play.

Campers will also have an opportunity to compete for prizes on the last day of camp!

Each player is responsible for bringing and wearing proper protective gear (helmet, shoulder pads, elbow pads, gloves, mouth guard), equipment (lacrosse stick, cleats), and tennis shoes in case of rain. Hockey helmets, shoulder pads, and gloves are acceptable.

Equipment can be rented from Step-In Sporting Goods in Chagrin Falls (440.247.9400).

**Soccer Camp**

for boys & girls in grades K-8 (session I)
for boys in grades K-12 (session II)

Join former professional player and current Head Coach John Ptacek in a soccer camp where enthusiasts from beginners to advanced will develop their skills in a fun, safe learning atmosphere where they will be challenged, make new friends, and take away the necessary fundamentals to play the game.

This is a great opportunity to experience University School and be a part of its growing soccer success. The US soccer team has won its district and made it to the Elite Eight in the OHSAA Division II playoffs for the last two seasons.

---

**Session I (Coed) for boys and girls entering grades K-8**

**June 16 - 20 • 9:00 am - 3:00 pm**

This coed camp is designed for the player looking for fun, challenging opportunities. Players will learn the technical and tactical skills of the game through fun small-sided games, dynamic sessions, and exercises. Campers will be grouped according to age and skill level.

**Session II (Boys) for boys entering grades K-12**

**July 14 - 18 • 9:00 am - 3:00 pm**

This K-12 boys-only camp is designed for players of all levels of ability in preparation for the Fall season! Everyone will participate in challenging, fun, safe, dynamic sessions that include technical foot skills, small-sided games, and tactical drills.

All sessions are directed by Coach John Ptacek and assisted by some of the best professionally licensed former and current club, college, and high school coaches in the Greater Cleveland area.

Campers bring their own lunches and drinks for both camps. Coolers will be provided.

Tennis Camp for boys & girls in grades 3-9

This highly flexible camp offers participants the opportunity to choose from one or two weeks of tennis instruction. Camps include beginner and advanced instruction with an emphasis on stroke production, footwork, and match play.

Camp Director Rob Emmet is the Middle School Tennis Coach and a current University School Physical Education teacher for grades K - 8. His expertise with these age groups will create learning experiences that are competitive and enjoyable for all ability levels.

Registration Available Online! www.us.edu
FAQs

Q: Can I register my child by phone?
A: We make registration easy and convenient through our website www.us.edu or by mail. The website has downloadable registration and medical authorization forms. We do not take registrations by phone.

Q: Is a deposit required? Can I pay by credit card?
A: Payment in full is required, either by credit card (required for online registrations) or with a personal or bank check.

Q: To whom do I make my check payable?
A: Checks are payable to University School. The mailing address is: University School Summer Programs, 2785 SOM Center Road, Hunting Valley, OH 44022.

Q: My child is attending only academic classes. Do I still need to complete the Medical Authorization?
A: Yes, all registrants, including University School students, are required to have a completed Medical Authorization on file.

Q: Is there a registration deadline? Do camps sell out? Are there waiting lists?
A: We accept registrations right up to the start of camps where openings exist. Many camps do sell out, so early registration is encouraged. We establish wait lists for all camps, if necessary. The website and the summer programs voicemail message will be updated frequently to indicate those camps that are full. In the event a camp is filled, you can call Debbie Linich at 216.831.2200 x7366 or email her at summer@us.edu to be placed on a wait list.

Q: Can I get a refund if our plans change, my child is injured, or she/he doesn’t like the camp? What is your proration policy if my child cannot attend the full camp session?
A: You may receive a full refund up until two weeks prior to the start of camp. After that, the refund will be prorated by the day. There is no proration for our sports camps.

Q: How do I register my child for your extended care program and/or shuttle bus service?
A: Please refer to the website or brochure for information about extended care and shuttle service. Then indicate your preferences on the registration form in the appropriate area.

Q: When will I receive a confirmation?
A: When you register online, you will receive an immediate confirmation. If you register by mail, your cancelled check will be your confirmation. Then in early May, you will receive another confirmation by email with information on what to bring/wear.

Q: What does my child need to bring to camp?
A: Please refer to each individual camp for information specific to that camp. Your confirmation email will include information as well.

Q: I’ve already registered my child for a camp and now want to add another camp. Do I have to complete another registration form?
A: No. Please call 216.831.2200 x7366 to register for additional programs.

Q: Do you cancel camps?
A: We reserve the right to cancel a session if enrollment is insufficient. Notification will occur prior to the first day of camp, and a full refund will be issued.

Q: Can I register my son by the week for the Boys’ Day Camp?
A: It is our belief that boys foster friendships and develop skills through group interaction on a daily basis over a period of time. Therefore, this is a full six-week camp; we do not segment the day camp into week-long periods.

Q: What happens if there is inclement weather?
A: All US camps have the option of using indoor facilities during inclement weather. We will not participate outdoors in lightning and severe weather, including extremely high heat indexes.
